Keep on Knocking

Great Teacher Onizuka does not know when to quit when his kids are on the line. And after rescuing one from the clutches of the underworld, he gets a chance to mend some bridges with an old acquaintance.

"[*GTO*]'s clearly a comedy, but when it takes a turn into drama, it doesn't feel unnatural. *14 Days in Shonan* looks like one of those series that can be brutally funny when it wants to be…I've got high hopes." —*Comics Alliance*
